

MCWP Billing Code Conversions

Billing Instructions

Date: May 27, 2010

Time: 10:00 a.m. - Noon

Telephone Conference:
1-877-675-4345

Participant Access Code:
464 446 1279

Effective for dates of service on or after July 1, 2010, interim codes used by the AIDS Medi-Cal Waiver Program (MCWP) will be end-dated and replaced with HCPCS Level II codes and modifiers (required for some codes). The HCPCS Level II codes will be used in combination with the National Uniform Billing Committee (NUBC) revenue codes to comply with the provisions of HIPAA.

The new billing codes and billing instructions will be published on the Medi-Cal Web site and in the *May 2010 Medi-Cal Update*.

A roundtable is scheduled for May 27, 2010 to discuss the code conversion and new billing instructions. Providers are invited to join the teleconference by dialing the telephone conference call number listed on the left. A second roundtable will be conducted in June for those unable to participate in the May session.
